

search

Through the platform, users can easily browse items of different categories and find what they want to borrow

Request

Select the borrowing and return dates and submit. The contributor of the item will receive a notification and proceed with the review.

Meet

At the agreed-upon time and location, meet the contributor to obtain the item, and then happily take it home for use.

Reward

After returning the item, the contributor receives platform tokens through an airdrop and continues the spirit of sharing.
